

Sponsor us to Romp for a Cure!

Hi Guys,

The _____ (Team Name) are taking part in the Melbourne City Romp on the 21st of March 2010 to help raise funds for Burnet's fight against The 'Big Three': HIV, TB and malaria, some of the world's worst infectious diseases.

Last year, almost seven million people, mostly children, died from The 'Big Three' which is why the Burnet Institute has taken up the challenge to find vaccines and new drugs to help improve the health of poor communities around the world.

It's a great cause and you can help by sponsoring us to Romp for a Cure!

Plus, for every \$2 you donate you'll not only be supporting the Burnet Institute but also giving the team an extra 2 Romp points (up to a max of 300 points). All donations over \$2 are fully tax deductible as long as you don't get anything in return for your donation. Too easy!

For more information on the Romp just visit www.cityromp.com or call them on 85062350.

Thanks for your support!

Kind Regards,
